

FATIMA AHMADI

DISTRICT TEACHER EDUCATOR | ECD SPECIALIST

+93 70 123 4567 | fatima.ahmadi@email.com | Kabul, Afghanistan

PROFESSIONAL SUMMARY

Dedicated District Teacher Educator with 5+ years of experience in teacher training, classroom mentoring, and Early Childhood Development (ECD) programming within Afghan community-based education contexts. Proven expertise in designing and delivering gender-responsive ECD training packages, conducting parenting education sessions on life skills, psychosocial support (PSS), and self-expression, and mentoring School Management Teams (SMTs) and community Shuras. Demonstrated commitment to inclusive education practices, child safeguarding, and community mobilization. Strong monitoring and evaluation capabilities with experience tracking teacher performance improvements and student learning outcomes across multiple districts. Skilled at building collaborative partnerships with District Education Departments, local communities, and NGO stakeholders to strengthen education quality and access.

KEY QUALIFICATIONS

- Designed and facilitated training workshops for 200+ teachers on gender-responsive ECD approaches, classroom management, and inclusive teaching practices across 15 schools in assigned districts
- Conducted bi-weekly classroom mentoring visits, providing one-on-one coaching that improved teacher competency scores by 35% within one academic year
- Delivered parenting education sessions covering life skills, PSS, and self-expression to 500+ caregivers, strengthening home-school partnerships and child wellbeing outcomes
- Mentored School Management Teams (SMTs) and community Shuras on school governance, resource mobilization, and community engagement strategies
- Developed training materials, facilitator guides, and visual aids aligned with national ECD curriculum standards and contextualized for rural Afghan communities
- Implemented M&E frameworks using classroom observation tools, teacher assessment rubrics, and student learning outcome trackers to measure program impact
- Liaised with District Education Departments to align training activities with provincial education plans and ensure government coordination
- Mobilized communities to support girls' education and increase school enrollment, particularly for out-of-school children and children with disabilities
- Prepared comprehensive monthly, quarterly, and annual reports documenting training activities, participant feedback, and measurable outcomes
- Championed child safeguarding policies across all training and mentoring activities, ensuring safe learning environments for all children

PROFESSIONAL EXPERIENCE

District Teacher Educator — ECD Program

International NGO / Education Development Organization | Kabul Province, Afghanistan | **March 2021 – Present**

- Train and mentor 45 teachers across 12 community-based education centers on holistic ECD approaches including cognitive, social-emotional, physical, and language development
- Deliver gender-responsive ECD training packages resulting in 92% of trained teachers integrating gender-inclusive classroom practices within three months
- Conduct parenting education sessions on life skills, PSS, and self-expression for 150+ caregivers annually, with 88% reporting improved parent-child communication
- Mentor 8 School Management Teams and community Shuras on school improvement planning, leading to 6 schools developing community-funded resource initiatives
- Implement classroom observation tools and teacher performance assessments, documenting 40% improvement in interactive teaching methods adoption

Teacher Trainer & Mentor

Afghan Education NGO | Balkh Province, Afghanistan | June 2019 – February 2021

- Delivered pre-service and in-service teacher training to 80+ primary school teachers on child-centered pedagogy, lesson planning, and classroom management
- Provided weekly mentoring support to 20 novice teachers through lesson observations, feedback sessions, and peer learning circles
- Coordinated with District Education Department to align training content with national curriculum standards and provincial priorities
- Facilitated community awareness campaigns on the importance of early childhood education, contributing to 25% increase in ECD center enrollment
- Documented training outcomes and prepared quarterly reports for donor compliance and program refinement

Primary School Teacher — Grades 1-3

Ministry of Education / Community School | Herat Province, Afghanistan | September 2017 – May 2019

- Taught foundational literacy and numeracy to 60+ students annually using developmentally appropriate, play-based learning approaches
- Developed low-cost teaching aids and locally contextualized learning materials to support student engagement and comprehension
- Established parent-teacher communication system that increased caregiver involvement in children's learning by 50%
