

MARWA MOHAMMADI

Life Skills Trainer | Vocational Training Specialist

Balkh, Afghanistan | +93 70 123 4567 | fatima.karimi@email.com

PROFESSIONAL SUMMARY

Dedicated Life Skills Trainer with over 3 years of experience delivering vocational training to women and vulnerable populations in community-based settings across Afghanistan. Proven expertise in tailoring instruction, food processing, handicrafts, and embroidery with a strong track record of empowering 120+ women beneficiaries to achieve sustainable income generation. Skilled in conducting market assessments to align training content with local demand, supporting business establishment, and maintaining accurate training records. Recognized for cultural sensitivity, patience, and ability to create inclusive learning environments that respect Afghan traditions while fostering economic independence. Committed to advancing women's economic empowerment through practical, market-responsive skills development.

TRAINING COMPETENCIES

- Vocational Skills Instruction:** Deliver comprehensive hands-on training in tailoring, food processing, handicrafts, embroidery, and carpet weaving to groups of 20-25 women beneficiaries
- Market-Responsive Curriculum Design:** Conduct local market assessments to identify income-generating opportunities and adapt training content to match community demand and seasonal trends
- Business Establishment Support:** Mentor trainees on business planning, pricing strategies, product marketing, and linking products to local markets and bazaars
- Training Material Development:** Prepare practical training materials, visual aids, product samples, and step-by-step instruction guides in Dari and Pashto
- Beneficiary Assessment:** Evaluate trainee progress through practical demonstrations, skills testing, and competency-based assessments
- Community Engagement:** Coordinate with community elders, shuras, and local leaders to ensure culturally appropriate training access for women and girls
- Record Keeping & Reporting:** Maintain detailed attendance logs, training progress reports, and monthly activity reports using MS Word and Excel
- Life Skills Integration:** Incorporate literacy, numeracy, health awareness, and financial management into vocational training programs

PROFESSIONAL EXPERIENCE

Life Skills Trainer | HEWAD (Humanitarian Effort for Afghan Development)

Kabul Province, Afghanistan | March 2023 – Present

- Design and deliver 6-month vocational training cycles in tailoring, embroidery, and food processing to 25 women per cohort at MCHC centers, achieving 90% completion rate
- Conduct pre-training market assessments to identify high-demand products (embroidered dresses, dried fruits, pickles) ensuring trainees develop marketable skills
- Support 35 women beneficiaries in establishing home-based businesses, including 12 who now supply products to local Kabul bazaars generating monthly income of 4,000-7,000 AFN
- Develop bilingual training manuals (Dari/Pashto) with illustrated step-by-step instructions for pattern cutting, stitching techniques, and food preservation methods
- Prepare and submit weekly attendance reports, monthly progress summaries, and quarterly impact assessments to Project Coordinator and donor agencies
- Collaborate with MCHC staff to integrate health and hygiene awareness sessions into vocational training curriculum, reaching 150+ women annually

Vocational Training Assistant | Organization for Community Research & Development (ORCD)

Balkh Province, Afghanistan | January 2022 – February 2023

- Assisted Lead Trainer in delivering handicraft and carpet weaving training to 80+ women beneficiaries across 4 MCCC centers in Mazar-i-Sharif district
- Provided one-on-one coaching to struggling trainees, resulting in 85% skill competency achievement rate among participants
- Managed training inventory including raw materials, tools, and equipment; maintained stock records and requested supplies ensuring uninterrupted training delivery
- Documented trainee attendance, daily activity logs, and skills assessment results; prepared monthly reports for project management and M&E team
- Organized 3 product exhibitions connecting trainees with local traders and market vendors, facilitating direct sales opportunities for 20 women producers
- Facilitated life skills sessions covering family budgeting, savings, and basic business management to complement vocational training
